

KIDIST, LLC

ENGINEERED FOR SECURE OPERATIONS

Enterprise Cybersecurity · AI & Data Analytics · Cloud & DevSecOps
Systems Integration & Modernization · IV&V · Mission Optimization

SBA 8(A) CERTIFIED

UEI MJVZFWGLNXE7

CAGE 175G6

PRIMARY NAICS 541512

SAM.GOV Active – No Exclusions

ACTIVE FEDERAL PERFORMANCE

Kidist, LLC is currently delivering on **two concurrent federal engagements** – IT & cybersecurity support at **U.S. Coast Guard C5ISC (DHS)** and IT modernization support at the **U.S. Department of Education** – demonstrating simultaneous multi-agency delivery across DHS and civilian environments.

CORE CAPABILITIES

Enterprise Cybersecurity Support

- Zero-Trust architecture aligned to CISA ZTMM – all five pillars
- FISMA / RMF lifecycle: categorization through ATO & continuous monitoring
- STIG/SRG compliance validation and hardening; vulnerability assessment, POA&M, and remediation
- SIEM/SOAR integration, incident response, and supply chain risk management (SCRM)

AI & Data Analytics

- AI strategy, architecture, and responsible adoption in regulated environments
- Machine learning for threat detection and anomaly identification
- Business intelligence, enterprise reporting dashboards, and analytics pipelines
- Predictive analytics for infrastructure and operational risk

Systems Integration & Modernization

- Cloud development, migration & optimization – AWS GovCloud / FedRAMP environments
- DevSecOps: CI/CD security, SAST/DAST, container scanning, infrastructure as code
- Legacy modernization, API integration, and O&M / Tier 2-3 sustainment

Mission Optimization & IV&V

- Independent verification & validation – test planning, execution, findings documentation
- Business process engineering and organizational IT transformation
- PMO support: schedule, risk, stakeholder, and CDRL management

KEY PERSONNEL EXPERIENCE

Cloud & Cybersecurity – U.S. Securities and Exchange Commission programs

Principal led six AWS GovCloud system migrations with complete ATO documentation packages, STIG/RMF compliance, 98.6% first-pass deliverable acceptance, and zero post-deployment security incidents.

IV&V Team Lead – Department of Energy / EERE programs

Directed 47+ verification test events with 100% on-time CDRL delivery and zero rejected deliverables; supported program expansion from \$3M to \$20M scope.

Federal Contract Vehicle Experience

Hands-on delivery of task orders on the GSA 8(a) STARS III GWAC and agency-level BPAs across civilian and defense-adjacent environments.

WHY KIDIST

- **Active concurrent performance** – DHS (USCG C5ISC) and Dept of Education, right now
- **8(a) sole-source eligible** up to the applicable FAR threshold – no competition required
- **Zero-Trust, RMF, STIG, ATO** applied at production scale, not just on paper
- **Principal holds active DoD Secret** clearance
- **DC Metro headquarters** – Silver Spring, MD; same-day agency response
- **Rapid contracting support** – fast turnaround on quotes, capability briefs, and market research responses

ENGAGEMENT PATHS

- 8(a) sole-source & set-aside awards
- Subcontracting & teaming with primes
- Corp-to-corp professional services
